

To Whom It May Concern:

I am glad to recommend Benjamin Meyer as an editor. Benjamin worked directly for me, serving as one of three dedicated editors on our production company's staff. In that capacity, he cut a wide range of projects, including sports videos, PR highlight reels, electronic press kits, and a variety of corporate videos.

Benjamin was a dedicated and valuable player on our team. He has a natural sense of editing timing and rhythm that enriched all of the projects he cut. He knows the equipment and software well, and he is always eager and quick to learn more.

Moreover, his knack for working with clients made him their often-requested editor of choice. Our clients felt assured by Benjamin's ability to listen to their concerns, from their broad priorities for a given project to the minute details of a cut. And, they were always pleased with his response to their notes, as he crafted the next cut. He worked long hours to make sure that his clients' deadlines were met. He never let them down, and he never let us down.

His projects were diverse, but whatever I assigned him, I felt confident that he would turn around in a timely fashion a cut that would please our clients, and that OceanWatch would be proud to call its own.

In short, Benjamin Meyer was an editor I could rely on. There is no doubt in my mind that he will be an editor that you can rely on, as well.

Sincerely Yours,
